## B517

### An innovative and eco-friendly choice

Our bed frame fabric uses sustainable yarn sourced from recycled plastic bottles. It is certified by GRS, which means you have an environmentally friendly and versatile option for your living space. The variety of color shades offers more possibilities to make our recyclable interiors more interesting and enriching. You and your partner have complete freedom to choose the bed frame color that perfectly suits your preferences.

**DIMENSIONS:** 90x200cm; 140x200cm; 160x200cm; 180x200cm

# NESTLE

## B509

### Superior Comfort, Anytime

The memory foam core in this headboard offers adaptive support for all your relaxation needs. Whether reading or resting, it ensures a cozy and supportive experience for extended comfort.

### Sturdy and Stylish Foundation

Designed for both functionality and aesthetic appeal, these metal legs provide strong support while offering a clean, modern look. The perfect combination of resilience and style for your bed.

**DIMENSIONS:** 90x200cm; 140x200cm; 160x200cm; 180x200cm

### Convenient Storage Solution

Lift the base to reveal spacious storage beneath the slats, allowing you to easily store blankets, pillows, or other items. A smart way to keep your space organized without sacrificing comfort.

### Sustainable Strength

Made with 100% FSC-certified wood, this bed frame ensures responsible sourcing from sustainably managed forests. It delivers the perfect balance of eco-friendly materials and long-lasting durability.
